January 26, 2009

Dear Micheal:

Hello.

Re-greetings from Guantanamo. I hope that you are doing well and in good spirits. I received your letters of Jan 13, 09 and Jan 15, 09. I was very happy to hear from you. Thank you very much for your recent letters. Here is a small bit of news from Camp-1.

As you probably know already, approximately in Camp-1, Only 30 detainees doing hunger strike and I'm still continuing my hunger strike although medical keep forces me to take fluids through my nostrils by feed-tubes, in morning and in evening twice at the day.

Unfortunately, I don't coming out to feed-chaire from my cell to take the fluids. But, the gaurds taking us to feed-chaire to feed us by Force Cell Extraction Team. However, I don't receiving any drinks (water) or other nutrients, besides fluids by tubes and natural air.

Already as they informed you, as a lawyer, early in Feb 2007, I having been approved to leave Guantanamo. But, still I am remaining at this hell(jail). That is reason I'm doing this hunger strike to get my rights, Human rights, and ~~my freedom~~ to get my freedom.

Sir, if you wanted to tell briefly to media about what and why I doing hunger strike here since 2008 December. I don't have any problems, you can do it, that is fine.

Mr. Micheal, I can't tell you all the details through letter, I read your last letter and I understood you are planning to visit to me, that is fine, I will tell you all the details about hunger strike in our next meeting. Please don't bring any nutrients or drinks. Because I can't eat ~~or~~ or drink anything besides natural air.

Jabbarov Oybek Jamoliddinovich.

Be well.
